Mokena Civic Ass'n. Change Meeting Nite

Meeting night for the Mokena

Civic association has been changed from the third Wednesday of each month to the second Thursday by unanimous vote of members assembled at last week's meeting. Consequently the next meeting of the Civic association will be held Thursday, May 8, at 8 p. m. in the Vet's hall.

An interesting discussion over plans for Homecoming developed at the last meeting. One member asked that the Mokena Civic association refuse to sponsor homecoming if gambling was included. Several at the meeting agreed that the Mokena Civic association should set an example of law and order, and should not put itself in the position of condoning something illegal, i. e. gambling. There was considerable discussion of this, and President Charles Swanberg appointed a committee to bring in a report at the next meeting concerning improvements that might be made in the homecoming program. Members of this committee are Rev. W. A. Riemann, George Wannamacher and Marion Owen. We hope everyone who has something to offer concerning homecoming plans will attend the next meeting of the Civic association.

Through an oversight the name of John Porrick was omitted from our list of members in good standing. George Beiriger is a new member.

The Mokena Civic association has purchased a duplicating machine for the use of the community. The machine is available, without charge, to non-profit, civic-minded organizations such as Girl Scouts, Boy Scouts, and organizations, etc. They will be expected to furnish their own supplies of paper and carbon. Tentative charges for private individuals or organizations will be: 70c for 100 copies or \$3 for 500 copies, if the Civic association furnishes the supplies; 25c per 100 copies or \$1 for 500 sheets, for use of the machine only. At present the machine is in the Swanberg Farm & Auto Service showroom on Wolf road, but the Civic association is seeking a more central, permanent location for it on Front street. If you have any suggestions, come to the next meeting and tell us about them.

George Bills, secretary, reported that he had written letters to the board of directors of school boards 210 and 159, offering the cooperation of the Civic association in any way helpful to a good school program. This had been agreed upon by unanimous vote of members at a previous meeting. In addition a letter was sent to the Mokena village board which read in effect that the membership of the Mokena Civic association expressed its appreciation both for the public audit of village funds which appeared in the News Bulletin shortly after the first of the year; and also for the efficient action taken in snow removal and anti-skid treatment of the village streets during the heavy winter weather. It was the feeling of the membership these projects were very public spirited moves and the board should be warmly commended for them.—Marcella Lehmann, publicity.

SQUARE DANCE AT ORLAND MAY 3

The Altar and Rosary society of St. Michael's Parish will sponsor another Square dance, Saturday, May 3 at 8:30 p.m. in St. Michael's school hall. Refreshments will be available. Folks, young and old, who attended the last two dances, report having had such a wonderful time that they request repeat dances.

Tinley Park friends were shocked and grieved when they learned of the awful tragedy which struck their neighboring village, Oak Forest, last Wednesday afternoon.

The accident happened shortly after the school bus had discharged pupils at 157th and Cicero. Among them were Eileen Cameron, 16, James Landeck, 16, Dorothy Bukowicz and Arlene Cameron, cousins of Eileen. The last two left Eileen and James and stopped in a nearby store. As there is no sidewalk at this part of the highway Eileen and James continued on by walking on the shoulders. When they were at 160th and Cicero they were suddenly hit by an oncoming car, which threw them in the air.

The driver of the car, Dr. Daniel K. Hur, owner of the Hillman Memorial hospital in Manteno, was the driver of the oncoming car. He reported he swerved the car to avoid a car coming north, skidded and struck the youths.

Both youths were taken by state police ambulance to the Oak Forest Infirmary critically injured. James passed away the same evening and Eileen died Friday morning at 10:30. Dr. Hur was charged with reckless driving and released on \$500 bond, set by Judge Aloney Andrews. An inquest will be held May 20.

Both youths were students in the junior class at Thornton township high school.

James was the son of Mr. and Mrs. Howard Landeck, 16138 South Oak street, Oak Forest. He is survived by his parents and a brother in grade school. Funeral services were held for him Saturday morning in St. Christopher's church in Midlothian.

Eileen was born in Jamaica, N. Y., and came to Oak Forest when she was five years old with her parents, Mr. and Mrs. Arthur Cameron. Mr. Cameron is the owner of the Cameron & Walker Lumber company at Oak Forest. They live at 16225 South Forest avenue, in Oak Forest. Eileen has lived in the village for the past 11 years and attended the grade schools there.

Surviving besides her parents are three brothers, James at home, Eugene in the village, and Harold who is serving in the navy. The latter flew from his post at Puerto Rico and will be home for 30 days. Funeral services were held Monday morning in the Hickey-Trulley funeral home in Oak Forest with the Rev. Carlton H. Mall, pastor of the Oak Forest Lutheran church, officiating. Burial was made in the Beverly cemetery.

Sermon Touches on Local Election

Much comment is being made on a sermon given by Rev. William Rieman, pastor of St. John's Evangelical church in the church Sunday morning April 20.

Rev. Rieman chose for his sermon subject, "Christian Maturity," and among other statements made on the subject he said:

"Let us take heed the peril of immaturity threatens us in many places as individuals and as a society.

"Broken homes and crises of violence comes too often and in rapid succession because people grow up physically and mentally, but are largely lacking in moral maturity. Christian maturity makes for discipline, love and affection in personal relationships.

"Wars come because immature men have control of political power backed by modern scientific devices of destructions. They have no understanding of mankind's unity, common interest and destiny.

"We recently passed through a hotly contested school election. I do not regret that it was a contest and that general interest was aroused. One could wish however, that the contest had been more on real issues, than over parties and personalities. Some things were said and done before, during and after the election, which make our heads hang in shame, for we regard our school matters, not as belonging in the realm of vicious politicking. Hereto you can see how vital our growth toward Christian maturity can be.

"In a world of imperfect men there is no perfection, but we can always strive for a better way, for greater maturity. Our finest hours will always be those when we have stood firm in our Christian manhood of maturity."

CHARIVARI DANCE MAY 2

A Charivari dance will be given at the VFW hall Friday, May 2 from 8:30 to 12:30 in honor of Mr. and Mrs. Donald Yunker and Mr. and Mrs. Vernon Schuldt. All friends are welcome.

Settlement Made For Ippolito Children

(CNS) A settlement of \$125,000 with the Union Pacific railroad was approved in Probate court Tuesday for the three children of Dr. Anthony S. Ippolito, 34, a physician, who lived at 5908 North Kostner avenue, and his wife, Camille, 30, who were killed in a crash of two streamliners last November 12th near Evanston, Wyoming.

The settlement, awarded by Judge William F. Waugh, after the railroad and the law firm of Scalise, Chino and Schultz, representing the doctor's estate, informed the court that they had reached an agreement, was for the physician only.

The doctor and his wife were killed while returning from a convention of the American College of Surgeons in Los Angeles. They were riding the City of Los Angeles when it was struck from the rear by the City of San Francisco. The crash resulted in the death of 17 people and in injuries of 159.

The children, Anthony, 11, Valerie, 9, and Gregory, 3, are now in custody of their parental aunt, Mrs. Rose M. Brown, 16820 South Oak Park avenue, Tinley Park, the mayor of Tinley Park.

The money will be put in trust for the children.

TINLEY CHURCH WELCOMES NEW PASTOR, FAMILY

James H. Odom, formerly of the Sheridan Methodist church, Sheridan, Illinois, assumed the responsibility of the Tinley Park Methodist church April 16. He was appointed to the church by Bishop Magee of the Chicago area and assigned by the Chicago Southern district superintendent, Dr. Stewart D. White. Mr. Odom is a native of the state of Iowa, but came with his parents to Illinois at an early date and has lived most of his life in this state.

After graduating from the Atlanta, Illinois, high school in 1933 he attended the Chicago Evangelical institute and later McKendree college where he secured the Bachelor of Arts degree. While attending college he served a student church at Beaver Creek. Later he was appointed to a student church in Chicago, where he did his post-graduate work on his Bachelor of Divinity degree at Garrett seminary, Evanston.

After graduating from the seminary he and Mrs. Odom accepted a church in Ellendale, North Dakota, where they stayed for one year and moved back to Illinois where he was appointed to serve the church at Sheridan and Norway. In connection with the church work, Mr. Odom was appointed protestant chaplain for the boys at the Sheridan state reformatory, where he served until his transfer to the Tinley Park church.

The Odoms have two sons, Dennis and David.

A lovely reception was held in the church parlors Sunday evening, April 18. Mrs. Harry Dean and Mrs. John Swisher made the introductions and Mrs. Brown Campbell led in the singing of songs. Mrs. Odom was presented with a lovely bouquet of flowers from the church and the W.S.C.S. served a delicious lunch following the program.

L. E. COUPLE OPEN HARVEY BLOCK PLANT

Mr. and Mrs. Frank J. Steck who formerly operated a factory in Lincoln Estates are now located in Harvey where they have purchased a concrete block business.

The Stecks, while in Lincoln Estates, made furniture frames in their factory, which was completely destroyed by fire. Following that the family moved to Chicago Heights and last August purchased the Harvey plant. They have since been busy completely remodeling the plant and have installed entirely new equipment of the latest models. They are inviting everyone to visit them at their plant and see this modern concrete block factory, located at 16033 South Loomis, at Park and Lexington.

Their many friends wish them success in their new undertaking.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. Calvert E. Heath Sr., of Frankfort announce the engagement and approaching marriage of their daughter, Gertrude Mae to Mr. Peter Kooiman Jr., also of Frankfort. They plan to be married on Saturday evening, May 10 at 7 o'clock in the Frankfort Methodist church.

FIRE DESTROYS GARAGE; SAVE HOUSE AND BARN

Fire totally destroyed a garage at the residence of Mr. and Mrs. Clarence Troutman and family near Marley about noon on Monday. Mrs. Troutman and small son were alone in the house and were unaware of the fire until they were notified by a neighbor, Fred Brown, who was working in a nearby field and noticed the blaze. The fire had gained such headway it was impossible to salvage any of the contents. The family car was parked just outside the garage and the paint was blistered, the windows cracked and one tire afire, before anyone could move it. Considerable damage was done to the house and the barn. The garage was located close in between these two buildings and thanks to the New Lenox and Mokena fire departments they were saved. The origin of the fire is unknown and the building was not covered by insurance.

To Attend IPA and School Celebrations

The golden anniversary of the teaching of journalism and the silver anniversary of the establishment of the School of Journalism at the University of Illinois are being celebrated next week during the annual meeting of the Illinois Press Association at Urbana.

Although pioneering journalism work started at Illinois in 1902, it was not until 1927 that the school was established at the instigation of the IPA. Thomas Arkle Clark, also famous as the world's first dean of journalism, established the first course. Lawrence W. Murphy, now veteran of the school's faculty, was its first director. Frederick S. Siebert took over this post in 1941.

In 25 years, 1958 students have been graduated. The first senior class numbered 13; last year 95 received degrees. Enrollment the first year was 52; now is 229.

From one course in 1902 have grown 53 courses now give eight of them for the advanced degrees offered since 1949. Work is divided into three major fields: journalism, advertising, and radio. Practical experience is provided by the "Daily Illini" and other campus publications and the university's non-commercial radio station, WILL.

Illinois graduates are found today all over the world in various fields of journalism, newspaper work, radio, advertising, and public relations.

Mrs. Margaret M. Semmler and daughter Adeline plan to attend the two day meeting.

Kind Neighbors

Last week when the Frank Sievert family were all ill with the flu, and it was time to get in the oats, their neighbors came to their rescue.

Neighbors Milton Bettenhausen, Fred Bettenhausen and Howard Beagley were the helping hands and together they planted the 25 acres of Mr. Sievert's in oats in a day and a half.

The Sieverts live on 179th street and are very grateful for this assistance. Mr. Sievert states he doesn't know what he would have done without this kind help.

Mother and Daughter Banquet to Feature Doll Collector

The outstanding features of the mother and daughter banquet to be given by the Methodist church of New Lenox, on May 6, will be a talk by Mrs. James Stillwell of Joliet on her hobby of doll collecting. It has been her experience that adults as well as children are interested in dolls, and that these small replicas of humans have a universal appeal.

Mrs. Stillwell started collecting dolls in 1939 and china dolls are her favorites. Included in her collection are wooden dolls made in Vermont, 1873-1880, and papier-mache dolls, circa 1840. The hands of her Martha Washington doll are master pieces, the first doll hands cast in a natural position. No dinner ring small enough for the dainty fingers could be found, and one was made especially by jewelers.

This doll collector finds that tin-types and family portraits provide good style sources when dressing dolls and she has made all of hers as nearly perfect as possible. She is a member of the United Federation of Doll Clubs and has an extensive library of doll literature.

The program is open to everyone.

Winke Photo

The above picture was taken at the organizational meeting of the first board of education for the Mokena public school district 159 held April, 22 in the school. Reading left to right seated are the old members of the former school board, Lawrence Kohl, Elmer Cooper, John R. Searth and Principal Elizabeth Cappel. Standing left to right are the new board members, Gordon Bruce, Thomas Powers, Hans Mueller, Clyde Yunker and County Superintendent of Schools, Louis F. Bottino.

These board members were elected by a large majority of votes at the April 12, 1952 election. Of perhaps rather unusual interest is the fact that two board members, Hans Mueller and Clyde Yunker, are both former pupils of Mrs. Cappel. Mr. Yunker was a pupil in the seventh grade taught by Mrs. Cappel during her first year in this school. Mr. Mueller likewise was a pupil in the seventh and eighth grades taught by Mrs. Cappel.

At the special meeting of the Mokena village board held last Tuesday evening they discussed the bonds to finance the water extensions and improvements and the sewer system question. Present were representatives from the bond houses of Benjamin and Lange and from Benjamin Lewis companies. Their bids were 3 1/4% on general obligations and 4 1/4% on the water revenue which has been approved by the village board, subject to the approval of the village attorney who was absent from the meeting.

The way the board has now worked down the overall figures is: \$75,000 for the general obligation and \$75,000 for the water revenue bonds. These figures are now up to the bondsmen, engineer and village board to work on some final plan which may be more or less than the total of above figures of \$150,000.

The plans include extending the water mains, water softener, filter, chlorinator, a new well and site, new storm sewer starting from First street and going north on Wolf road to the Marley creek, rehabilitating the present water mains by adding new shut offs, whereby a complete main need not be shut off in case of a localized trouble and the eliminating of all cross connections. The later covers those places where city water is connected with local cisterns whereby they could be filled when the cisterns were dry.

The water main plans now is to extend the mains on Carpenter street going east from Midland to the Tinley road; thence north to Third street, west on Third street to Midland; north on Midland to Bryant; west on Bryant to connect with the present main at the Howes residence corner.

The board has in these plans to drill another well for village purposes for which more property would need to be purchased. And if a water softener will be installed, the village hall would probably need to be enlarged in which to house it.

Before this project can go through, the village citizens will have to approve of it by an election which the bondsmen have offered to stand the expense. That is pay for all ballots, judges and clerks.

Quite a few citizens who have learned of these plans are opposed to a water softener as many homes now have their own and feel that is an unnecessary expense. Many people also have good cisterns in their homes with which they are well satisfied. Some cisterns are not too large and do go dry over a long period without rain.

At the next board meeting Tuesday evening, May 6 it is probable that much of this will be settled.

J. F. KOHLHAGEN RETIRES FROM NON-HI BOARD

Frank Kohlhaagen, of Frankfort, who completed 30 years of service on the non-high school board of the county, was disqualified with two other members because their areas became part of high school districts. Joseph Breitweiser of DuPage and Earl Smith, of Troy, were the other two.

Mr. Kohlhaagen served for forty years as treasurer of Frankfort township school board until forced to resign about three years ago because of ill health. He is a fine example of a civic minded citizen who has served his community with his neighbors' appreciation as his only reward. He has contributed to the education of the high school students of this area by giving of his time and efforts and the community is better off because of his knowledge of finances and his good judgment.

Improve HAY quality - end weather worries!
Install an Economical Mow Curing System!
ACT NOW!
Put an end to weather-ruined hay crops—with an all metal prefabricated hay dryer! Sturdy dryer system is quickly and easily installed in any barn. Phone your local Public Service Company Ag Engineer for full details.
A forced air mow hay curing system installed now will improve your hay crop this year—and for years to come!
Mow curing produces higher quality hay and permits you to get more in the barn without the weather worries of field-curing.
The hay dries in your mow with the vitamin and mineral-rich leaves still on the stems. Showers, dew, and prolonged exposure cannot leach away the milk producing factors.
Because protein-rich leaves are retained, along with a rich green color, mow cured hay has a greater cash sale value. It produces healthier cows, keeps butter fat and milk checks up.
Hundreds of leading Northern Illinois farmers are now using prefabricated or home-built systems. Standardized, easy-to-assemble and easy-to-store sections make factory-built hay dryers adaptable to most barns without extensive remodeling.
Your local Public Service Company Ag Engineer understands all these job-proved systems. He'll gladly furnish information and help you plan a dryer system for your barn.

The Woman's Guild of St. John's church will hold a rummage sale in the church basement May 24. This was given in last week's paper as May 4.

A son was born to Mr. and Mrs. Will Tuttle in Silver Cross hospital, Sunday, April 27.

The baby weighed nine pounds 10 ounces and has been named Will Randall Tuttle. His mother is the former Shirley Lorenz. The Tuttles are former Orland residents and now live with her parents, Mr. and Mrs. Albert Lorenz at Frankfort.

Clarence Mast returned from Silver Cross hospital last Tuesday. His injured hand is improving nicely.

Pfc. Robert Stolberg of Chicago visited with his uncle L. F. Teague and family during his recent 15 day convalescent furlough following surgery. He returned to Camp Lowry at Denver, Colo. last Monday.

Walter Olsen left Monday on a business trip to Washington, D. C.

Mr. and Mrs. George Hull of Fargo, N. Dak., were guests of Mr. and Mrs. L. F. Teague one day recently. The Teagues entertained them at "Guys and Dolls" at the Schubert. The two men are business acquaintances.

The Explorer Scouts, Post 40, have planned a hayrack ride for Saturday, May 3. Following the ride they will have a Weiner and marshmallow roast at Messinger's woods. Edwin Yunker will donate the use of his hayrack and Charles Swanberg will furnish the tractor to pull the rack. Bill Dalton, advisor, will chaperone the group.

Mrs. Albert Belanger of Hamilton street, underwent surgery in Silver Cross hospital last Friday morning for the removal of a cataract on her right eye. She is improving nicely and hopes to return home this week end.

The Sunday school teachers of St. John's Evangelical church honored the Misses Violet Hurley and Marcia Larson at a pre-nuptial shower in the church parlors April 21. After playing several games, luncheon was served at quartet tables pleasantly decorated. There were 3 present and a gift from the group of a hammered aluminum casserole was presented to each bride to be.

Last Tuesday evening Miss Larson was tendered a personal shower in the home of Mrs. A. R. Kastman, her cousin, in Joliet. There were 24 guests present and after playing games refreshments were served and the many lovely gifts opened. The next evening Miss Jean Lauterbach entertained for Miss Larson in her home in Joliet at a miscellaneous shower. Fourteen guests were present, and all enjoyed a nice evening. There were beautiful and useful gifts. On last Friday evening Miss Jean Johnson entertained in her home in Joliet at another miscellaneous shower for Miss Larson with 30 guests being present. Following the playing of games and opening the many lovely gifts a luncheon was served. Monday evening, April 28 another miscellaneous shower given by Mrs. Calvin Cooper in Joliet honored the much feted bride-to-be.

The WSCS of the Methodist church will meet Thursday afternoon, May 8 with Mrs. Dean Rueckert at 2 o'clock.

Mrs. Lydia Ryan and sister Mrs. Rose Bechstein in company with their niece Mr. and Mrs. Paul Mapes of Joliet attended the concert in Orchestra hall at Chicago Saturday evening when The Singing Boys of Norway made their first appearance in this country. There were 46 boy sopranos, ages 11 to 13. They were assisted by 16 older boys who took the second tenor and bass parts, thus giving an eight part harmony in some selections which was most unusual. Outstanding was the 11 year old Pelle who sang an octave above high C. He sang several solos and cadenzas. The entire program was mostly religious from the old masters.

Miss Violet Hurley was the honored guest at a personal bridal shower Sunday afternoon April 20 given by Miss Clara-belle Sippel and Miss Lois Mancke in the latter's home.
